Thanks Rick. BTW I was talking to Cecil today and he is interested in a KTS on PFAS. I spoke to Cindy about the idea and she is game. The idea would be to get you (or Karrie), Cindy and Steve together with possibly an ORD person to discuss/present what is going on nationally and at the region. I could do all the logistics. Let me know if you are interested and then we can set a potential date and toss around topics. Steve if you are out there and can respond please let me know your interest as well. Thanks.
